Whether you or someone you know has cancer – Chemo KateLynn says it's okay to laugh!

Andrea Lynn Katz is a graduate of the "C" School (as in cancer) with a C.C.S. degree (as in Certified Cancer Survivor). Her book, *Chemo KateLynn: Humorous Perspectives on Life Before Cancer and After Diagnosis* is a witty and cleverly illustrated testament to Andrea's conviction that laughter is the best medicine and, with cancer as part of her everyday life, she proves there is still plenty to laugh about.

As Chemo KateLynn, Katz speaks from her heart – and her funny bone – with credibility about coping with a disease that is scary, painful, and full of challenges – not the least of which is to decide to embrace life with a positive outlook. *Chemo KateLynn* admits that "cancer does suck," but funny things happen along the way while fighting this disease. Chemotherapy may have taken her hair, but no amount of chemo could make a dent in her sense of humor.

Offering a healthy perspective in the battle for recovery, *Chemo KateLynn* invites us all to appreciate the beauty of each day, find humor in everyday living and be receptive to recognizing, cherishing, creating and sharing those amusing moments with others. Whether you have cancer or know someone who does, *Chemo KateLynn* welcomes you to laugh along with her!

This book is a must-read for anyone who has been touched by cancer. I know you will relate to Chemo KateLynn's humorous way of looking at life BC (before cancer) and AD (after diagnosis). - *Nina Bravman, M.A., Ed.S.*

If you want to raise the spirits of a woman battling cancer, buy this book! - *Dayva Zaccaria, cancer survivor*
